No agent may change this certificate or waive any of its provisions.

APPEALS

Right to File an Appeal of a Denied Claim

If you apply for and are denied Plan benefits, or believe you did not receive the full amount of benefits to which you are entitled, you have the right to appeal the matter to Triada. You must file your written appeal no later than 60 days following receipt of the adverse decision from Triada. The appeal will be conducted by Triada. No other appeals are permitted. Triada, and not the Board of Trustees of the CCPOA Benefit Trust Fund, has the sole and complete discretion for determining benefits and paying all benefits.

Appeal Procedures.

(a) You will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to your claim for benefits.

(b) You may submit written comments, documents, records, and other information relating to your claim for benefits. Triada will review such comments, documents, records and other information regardless of whether such information was submitted or considered in the initial benefit determination.

Decision on Appeal.

Following its review, Triada will issue a written notice within a reasonable period of time, but not later than 60 days after receipt of its receipt of your request for review by the plan, unless it determines that special circumstances require an extension of time for processing the appeal. If Triada determines that an extension of time for processing is required, written notice of the extension shall be furnished to you prior to the termination of the initial 60-day period. In no event shall such extension exceed a period of 60 days from the end of the initial period. The extension notice shall indicate the special circumstances requiring an extension of time and the date by which Triada expects to render the determination on review. In the case of an adverse benefit determination, the written denial will indicate the specific reasons for the adverse benefit determination and a specific reference to pertinent Plan provisions on which the denial is based. The written decision will also include:

A statement that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of all documents, records, and other information relevant to your claim for benefits.

A statement of your right to bring a civil action under ERISA § 502(a).
